

Concept A

Perspective 1

An aerial view from the west end of the alleyway showing overall features of the central common.

Perspective 2

The large central common space shows a combination of public and private property offering a larger gallery to showcase art and or performing arts.

Perspective 3

The east alley shows concepts of lighting in the narrow alleyway.

Perspective 4

The South alley entrance shows how an artist might create a signature monument or gateway each of the four alley entrances.

Perspective 5

A birds eye view from the north end of the alleyway showing overall features of the central common.

Perspective 6

a concept of a signature central common space offers opportunities for performing art and an enhanced nightlight life to compliment local business.
