

## Concept B

Perspective 1

An image looking South from 8th Avenue in to ImaginArt in the Alleys

Perspective 2

An overhead perspective of the central common. The large open space helps define the area to showcase future art installations or provide opportunity for performing arts

Perspective 3

Looking East into the Alley from 10th Street a combination of landform and a concept of future sculptural art invite passers by in to Marion ImaginArt in the Alleys.

Perspective 4

This image show a use of wood materials to help warm the space and an overhead structure helps define a pedestrian scale between Buildings

Perspective 5

Overhead perspective of central common at night

Perspective 6

Overhead perspective looking east from North 10th St.
