## Transportation Improvement Program

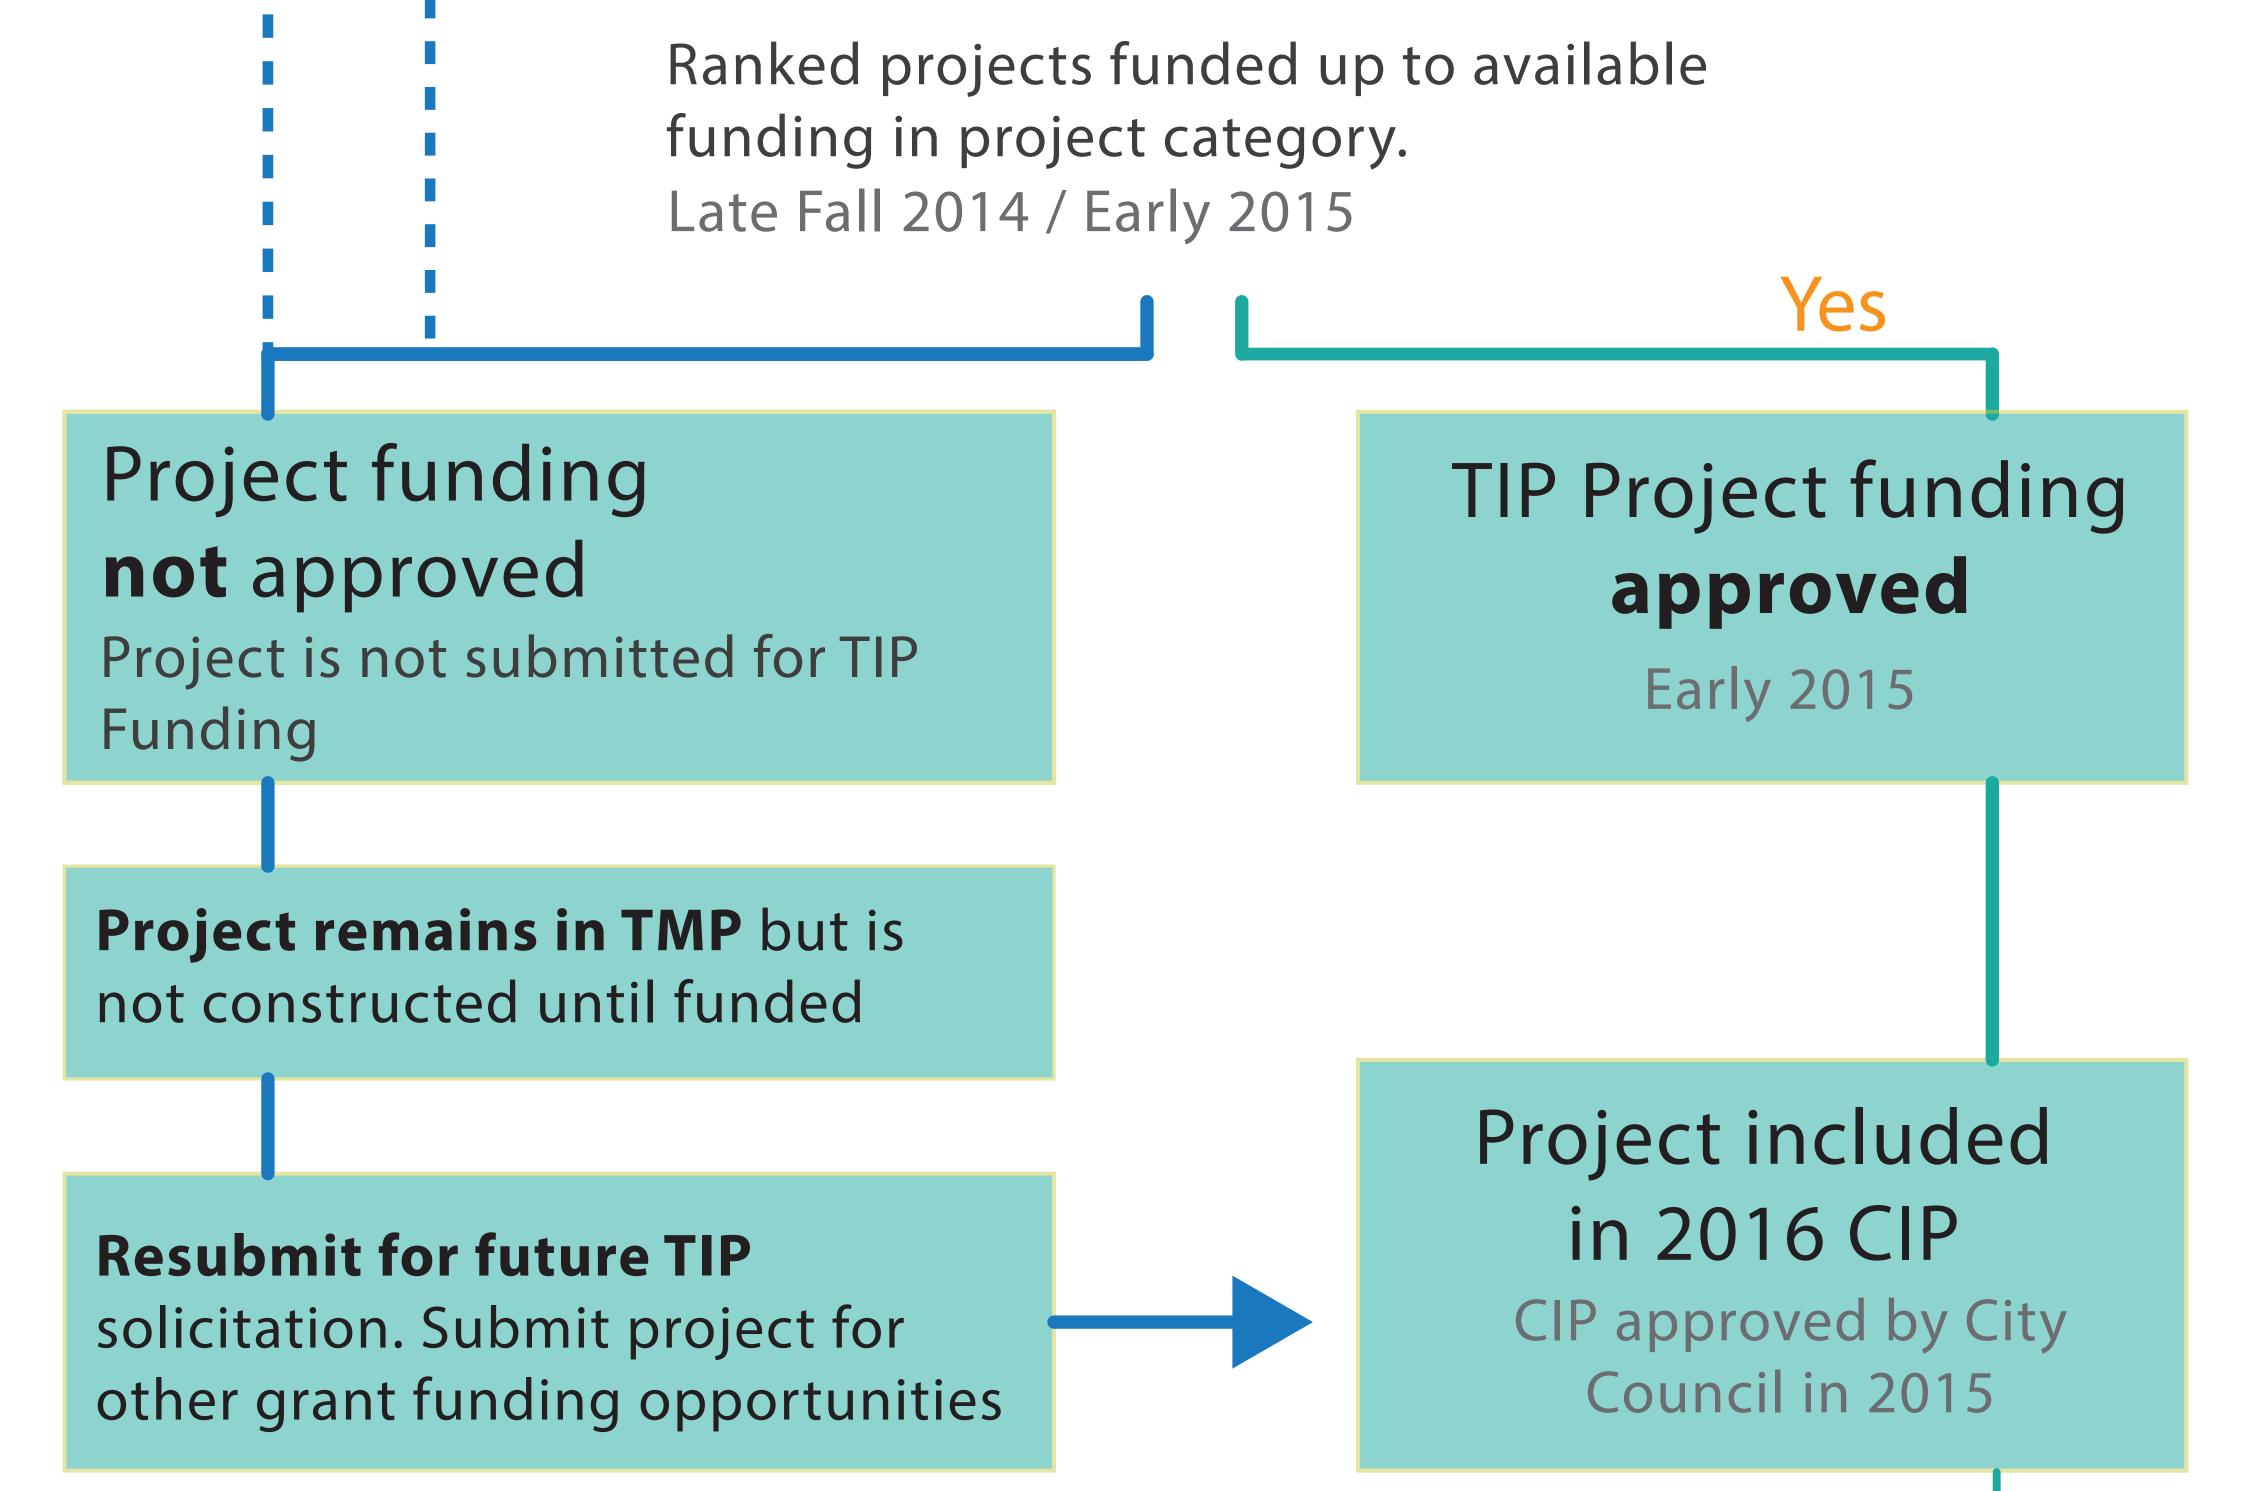

**Potential TIP project ideas** are gathered from the TMP and a solicitation to other city departments and other community agencies. The list is composed of project ideas that support TMP and other city goals, are ready for submittal\* and hold a high probability of receiving funding through DRCOG scoring criteria.

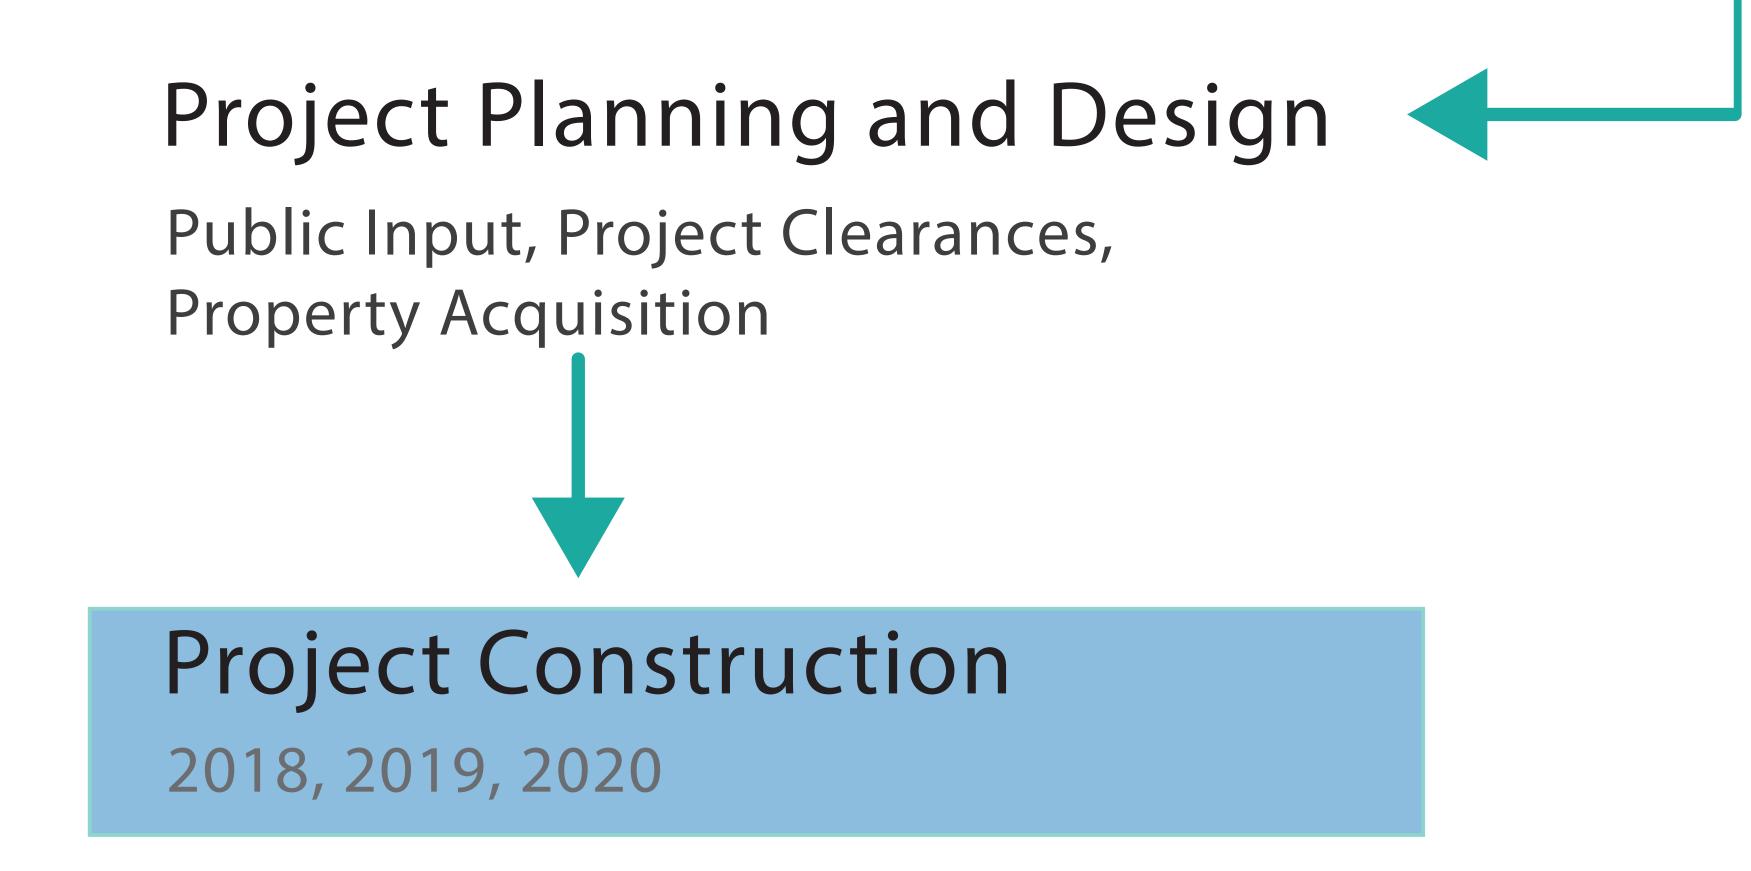

**Public Comment** is gathered at the May TMP Input Session, InspireBoulder.com, and TAB and City Council. Potential TIP project are developed through initial design, costs estimated, and evaluated against TIP criteria. Projects require 20% local match.

**City Council Approves** up to 8 TIP projects for submittal to DRCOG

August 2014

**DRCOG Scoring and Evaluation** 

\*Some projects may be potential projects for a future submittal but will not be ready for the 2016-2021 TIP development process since the related study process is not complete. Please also note that some projects may be potential projects for different federal or state grant funding such as the FASTER or TIGER programs.
