

# MAIN STREET HAGERSTOWN

Be a part of the progress and momentum that's happening in downtown Hagerstown! Our city is now a Main Street Maryland community. Through the Main Street program, everyone works together - and everyone has a unique purpose. See where you fit in... There are five committees for volunteers:

## DESIGN

Think of what our community looks like to those who are driving by or walking through the downtown... What assets do we need to preserve and continue to develop? What might we want to consider changing to make Hagerstown more desirable for development in our long-term future? Design committee members play a role in finding the best answers to these questions.

## ORGANIZATION

We're all working for the same cause, and it's the Organization committee that orchestrates all the players to most efficiently and effectively reach our goals. These volunteers build cooperation and consensus among everyone who wants to make our city an even greater place.

## PROMOTION

You already know what makes Hagerstown awesome - so you find creative and unique ways of sharing it with visitors, investors, new businesses and even the locals. The Promotion committee also facilitates events to attract tourists and day-trippers while building community pride.

## ECONOMIC RESTRUCTURING

This committee fosters opportunities for development and addresses challenges caused by changes in the economy and competition from other areas. The work of the Economic Restructuring members helps recruit new businesses and grow existing businesses in the city.

## CLEAN, SAFE, AND GREEN

You don't have to be a "tree hugger", but you want a more sustainable future for our community. The committee forms "green teams" to beautify our downtown and promote eco-friendly, sustainable practices like implementing a commercial recycling program, expanding pocket parks and promoting energy-efficient building improvements.
