

Accessible paths with woodland education areas and interpretive signage

- ▶ Small groups or individuals can gather within the demonstration area in the woodland. The Demonstration Area will be at the junction of the three eco zones. Designed to amenities to accommodate demonstrations and education sessions, possible seating and other cultural and natural exhibits. The trails throughout will be accessible and permeable. Interpretive signage and plant labels will be placed throughout the site. Several interpretive details including plant and animal carvings or animal tracks in the paving.
